Gentlemen, -Just returned from a weeks trip to Louisville and find your note in reference to the Shield. You may box this and send it to me by express whenever it is convenient to you and upon its receipt I will send you remittance.

I hope you are not going to forget me when the Wilcox sale is up, as I am under the impression that he has quite a lot of stuff which I would like to have, especially if his fractional currency goes.

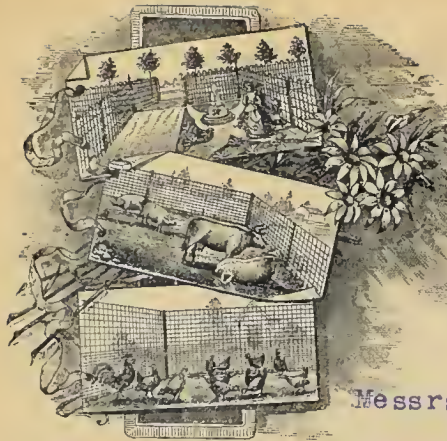

Yours truly,

Messrs. S. H. & H. Chapman,

Philadelphia, Pa.

Gentlemen,- On Monday I hurriedly made up a bid on a few numbers of the Wilcox sale expecting to have enough time to go over the list carefully during the afternoon and evening. I found, however, that during my five weeks absence, a mass of matter had accumulated which demanded my immediate attention and it was impossible for me to get a moments time for myself. I regretted this all the more because there were a number of items in which I was interested and had I returned in two weeks as first calculated instead of being away five weeks, it would have given me time to look up the entire list.

I received the gold and minor proof sets of 1900 and will send you remittance for the amount. Wish you would also send me priced catalogue of the Wilcox sale for which I inclose postage. I expect to be at home for quite a while and as soon as I can get at it will send you list of wants.

Very truly yours,

Gentlemen,- I am in receipt of your favor of the 22nd and note what you say in regard to 1850 \$20.00 gold piece. I dislike very much to buy a "pig in the poke" and as I want a piece as near uncirculated as possible, I would be a little afraid of this one. The 1850 should not be so extremely scarce, but what you might be able to pick one up fairly soon and I would rather wait and be sure of getting a good one than to take the risk of this one in being undesirable. If you had seen the piece and would say that it is all right I should not hesitate to take it. I am just in receipt of yours inclosing second issue 10¢ piece and on looking over my collection I find that I have a specimen, but the lettering on reverse is not as plain as the specimen you sent. I purchased it from you about a year ago at 75¢ and am keeping the one you just sent me returning the one I had for which you can allow me just what it is worth to you.

I believe I owe you for Harrison medal sent me some time ago and inclose herewith check for \$3.00 to pay for the medal and the 10¢. You may give me credit on next bill for the piece returned to you which I trust will be satisfactory to you.

Very truly yours,

Gentlemen,- I wrote you yesterday in regard to having received the lot purchased from the Friedman sale and while it run into money quite heavy for me, I am perfectly satisfied and, in fact, am glad that you were so successful. As I stated to you I did not care much for the specially "indorsed" pieces, but I see that they run at practically \$2.00 each so it was all right for you to "nail them".

I inclose statement noting on it a couple of slight errors you made in the invoice. You will notice I have not included the \$5.00 for the 50¢ red back Spinner which I want you to look up a little further. Neither did I include my purchases on the day I was at your place as I really forgot the exact amount. Wish you would kindly look up the former and send me memorandum of the latter if you can, and I will make you remittance of the latter if I don't for the former.

I believe, myself, that I have the finest collection in the country and now if I had a 50¢ "Rosecrans" Spinner I would feel satisfied. Some day I would like to take a short vacation from my work and have you catalogue the entire collection, but will talk with you about this some time when I see you. How about the Friedman envelopes which you expected to send me? I would like very much to have them as it will greatly assist me in making memoranda.

Yours very truly,

P. S. Don't you think I am entitled to a priced catalogue? Wish also  
that you would send me two blank catalogues if you have them to spare.  
I want to cut the items out and file them in the envelopes.

Gentlemen,- Am just in receipt of yours 17th and sent you remittance yesterday in accordance with my letter of the day before. In regard to the presidential medals, there are only three of the five you mention which I can use, viz: John Adams, Thos. Jefferson and Martin Van Buren (I have the Garfield and Madison).

In regard to the remittance of \$5.00 in stamps would say that this is an instance where I did not keep a copy of the letter to you and the only thing I have to depend upon is my memoray and the memorandum on your last letter "Sent stamps", not even putting on the date when I sent them. It seems that this mix-up could not have occurred while my records were straight, and for that reason I am asking you to go to the trouble in running everything down you can and see whether or not you received them. I am free to admit that it was carelessness on my part and possibly a lesson taught me would do me some good, but I do not want to send another \$5.00 unless you are sure that they never came into your possession.

I don't want anything but what is right and if you are satisfied you did not receive it, I will send you remittance which I trust will be satisfactory to you.

Very truly yours,

*J. Brenner.*

Gentlemen:--

I have been away from home the greater part of the summer and am just going back to work again. In cleaning up my desk I find your letter June 22nd regarding my purchase from you when I visited you May 28th, and which I omitted in a subsequent remittance. I now enclose my check for \$15.00 which I trust will be satisfactory, even at this late date. I sent you list of presidential medals which I wanted and rather expected to receive a number of these from the last sale of which you spoke. I do not know how soon I will be compelled to go east again but will endeavor to stop off when I go; in the meantime, wish you would keep your eye open for a 12¢ encased postage stamp as well as a Rosecrans Spinner 50¢ fractional currency.

Gentlemen:--

I have been away since a week ago last Sunday, expecting to return every day but always something developed to keep me there, and I have still been unable to check out the bill of currency purchased for me. I came down from my home to the office this morning only to find that I am compelled to go to Chicago on the first train, and unfortunately, the invoice is at my home and I do not know the figures. I am enclosing you my check, however, for \$500.00 which can not be out of the way much oneway or the other, and the moment I have time to check it out I will send you the difference if I owe you or call on you if the balance is in my favor.

I regret very much the delay in settlement and hope it has not caused you any inconvenience.

Gentlemen:--

I finally secured enough time to look a little into my account, but not until after 10 o'clock last night. Referring to your statement March 11th I find it correct as far as it goes. I, however, desire to return your invoice Feb. 11th, \$4.50, also the Eccleston Washington Medal. When I took this along, you will remember, I was under the impression I had one of them, and it was the understanding, in case I found this to be so, I could return it. I have an elegant specimen which I secured from you some time ago, and will return this to you also. I have also deducted 75¢ which you charged me for priced catalogue, as I understood you to say you would send me a catalogue gratis, in fact, I have been told a number of times this is quite customary. Therefore, taking credit for invoice Feb. 11th, \$4.50; Washington Medal, \$7.00; priced catalogue 75¢ (total \$12.25) from the amount shown by your statement March 11th (\$18.23), would leave the balance of \$5.98 in your favor, which I trust you will find correct.

Very truly yours,,

Gentlemen:--

I received the fractional currency while on my way to Chicago and therefore was unable to go over it and compare with what I have, but will do so tomorrow and make report to you at once.

Referring to your letter 7th in which you say that the balance in your favor should be \$11.23, this agrees with me with the exception of the 75¢ for the priced catalogue. I am sure you were not to charge me for this catalogue, and if you did not intend to give me that impression when I was down there, I am willing to admit there was a chance for a mistake. It is not worth while wasting any time over "scrapping", and as I want the account balanced, I will enclose the 75¢ herewith, which according to your accounts now, will balance everything up to date.

I have taken the liberty of marking 7 pieces with an X. which I would like to have you purchase for me. I have gone over the entire lot and do not find anything except the second item on the other sheet ( 1st issue. 5 d. without A. B. N. Co.) Perforated edges. Brilliant red brown, which I think should be secured for about \$1.25. While it is dangerous to put in "unlimited bids", I hope you can secure the seven items at a reasonable figure.

Thanking you for the courtesy extended in sending these pieces, and hoping that you will have a successful sale for the Mills collection, I am

Very truly yours,

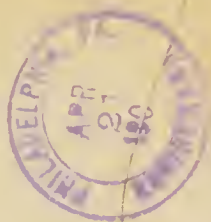

P. S. The Mills collection is certainly an elegant one and I only regret that I am not able to go into it, but you realize the fact that I have gone into the fractional currency quite heavily and in fact more than I really should have done, so that by keeping up adding to my fractional currency it is going to prohibit me from taking any active part in taking up the others.

I might change my mind in a few days and send you in a bid.

I have just arrived home from another trip and am in receipt of catalogue Barkers collection which is to be sold July 7th and 8th. I was under the impression that the fractional currency was to be sold about this time but I fail to find it in the catalogue. There are a number of items in this sale on which I would like to bid, but to be frank with you I have spent so much money the last year or so I feel as though I ought to call a halt for a little while at least. I may however change my mind by the time I get settled down in the next day or so and send you some bids.

Don't overlook the fractional currency which I am wanting.

Gentlemen:

I am just in receipt of your catalogue for sale Oct. 20th and as before "I am still poor", but I want to secure the unique fractional pieces if they will not "break me up"! I notice that they come one right after the other from #562 to and including #568, and it has just occurred to me that possibly the best way for me to do is to make a bid on these pieces as a whole and handle it the way you handled some of the items out of the Wilcox & Fredman sales. I have not the least idea how to bid, but I believe I would not hesitate a minute to pay you \$100.00 for the lot. What do you think about it?

I intend to leave for Youngstown, Ohio, tomorrow night, but will be unable to go further east this trip, so wish you would kindly advise me by return mail and I would be very thankful indeed for any suggestions that you may make that would enable me to secure these at a reasonable price.

Gentlemen:--

I am just in receipt of yours 12th regarding the unique specimens of fractional currency out of the Pick Collection, but you do not seem to have answered my question. I felt that you were in better position to judge of what I ought to pay for them than I would be myself. I felt the liberty of asking you this as I think you are undoubtedly interested in taking a hand in putting together the finest Fractional Collection extant. I am willing to pay \$100.00 for them, even more, rather than to lose them, and I wanted to leave the matter to a certain extent in your hands to judge when the price goes much beyond what they will be worth to me, or in other words, whether they would go to a figure which would be non-sensible. I appreciate that it is putting you in rather a delicate position, but you know I want these and am willing to pay a good price for them, so I will ask you to secure them for me unless the figure should reach a "fabulous" amount.

Regarding the Roosevelt Mint Medal, you may send me one of them at the price you mentioned (\$2.25). You have the list of the few of the presidential medals which I still lack, and if you have secured any of these, send them along with the Roosevelt.

Gentlemen:--

The numbes purchased out of the Pike collection Oct. 20th were received in good order, but as I was somewhat "under the weather" the last two or three weeks, I ~~had~~<sup>did</sup> but very little, especially to attend to personal matters. I herewith enclose check for \$134.75, as per bill rendered me, and although they brought quite good prices, I feel satisfied and wish to thank you for the effort you made. Inasmuch as the pieces are now sold, and <sup>if</sup> it is not asking too much, I would like to have you express your personal opinion regarding these notes. They are certainly unique as far as I have been able to discover and I hardly think they ought to be classed as "Freaks".

I just learned that Geoffrey Charlton Adams of New York is about to offer a 90¢ Galt Encased Postage Stamp. You will remember that I have been in the market for a long time for a specimen of each denomination (not going into varieties) and that the 90¢ was the one I lacked, and should have bid on the one you offered in the Wilcox sale had you not withdrawn it, although I had some doubts as to its genuineness. Have you heard about this piece, and if so is it the Wilcox specimen. I want to take you into my confidence regarding this piece and should like to secure it for the purpose of filling out, but

Gentlemen:--

I have just returned from an extended trip and regarding the 90¢ encased postage, I hardly know what to say. If the piece to which you refer is uncirculated, or practically so, and most of all genuine, I would be willing to pay as much as \$75.00 for it, but I should want to see the piece before I purchased it. I do not know what became of the New York piece. I did not get it but was informed that there were one or two other specimens obtainable which would be backed up by sufficient guaranty of genuineness as well as condition.

I wish you would kindly look into the piece you mention and let me hear from you.

Very truly yours,

Mr. J. C. Adams,

Philadelphia, Pa.

Gentlemen:

I am in receipt of your favor of the 13rd and 14th, and  
J. C. Adams' legal and fractional currency also received, and expect to  
find the A. T. T. Federal at post office when I go there at noon. An-  
swer as I will be out of the city a few days. I am sorry to hear for  
14.62 paying for these two invoices, with which I think the price is  
charged me for the fractional currency is quite high. I am taking into  
consideration that I bought a 25¢ for 50¢ and the 10¢ for 25¢. These  
sent me as noted on the different varieties and I am inclined to feel  
that the prices of this kind of the currency of the world are numerous.

Regarding the bill sheet of bank currency notes, I think that  
\$38.00 is still too high, but if the amount is perfect condition I feel  
inclined to take it and in fact will say that if you think it is worth  
\$35.00 I will make it subject to its value and condition. I just re-  
turned from the Northwest and will be glad if it is set to the  
privilege of returning it provided the condition is not that it  
ought to be. To understand, of course, that I am not a dealer, but  
that I am to be a large price for the same. I am not a dealer, but  
as I possibly can get it.

Thanking you for the effort and hope you will be satisfied  
with the result, and waiting for your reply.

Yours truly,

*E. F. Shellabarger*
